NimbusDesk Support SLA Policy

Version 2025.2 | Published 2025-07-01 | Brightwave Systems

1. Support Hours

Starter and Pro customers receive support Monday to Friday from 09:00 to 18:00 UTC. Enterprise customers receive 24x7 support for Priority 1 issues.

2. Response Targets

Priority 1 means the service is unavailable for all users. Enterprise customers receive a first response to Priority 1 tickets within 1 hour. Enterprise customers receive a first response to Priority 2 tickets within 4 business hours. Pro customers receive a first response within 8 business hours for all priorities, and Starter customers within 2 business days.

3. Escalation

A customer may request escalation if a first response target is missed. Escalations are reviewed by a support manager within 2 hours of the request. Engineering is paged only for Priority 1 issues.

4. Service Credits

Monthly uptime is guaranteed at 99.9 percent for Pro and 99.95 percent for Enterprise. Starter has no uptime guarantee. If uptime falls below the guarantee, the customer receives a service credit of 10 percent of the monthly fee for each 0.1 percent shortfall, up to a maximum of 50 percent.
